Wendell's Worksheet - Naaman Is Healed

Welcome to Web Worship!

Hi Kids! Wendell here! Our story for today, is about a man named Naaman who got a bad disease. Elisha was God's helper and told Naaman how to get better.

Story Discussion - Naaman needed help, but did not want to do what Elisha said. What did he not want to do? Are there things that you do not want to do? Today it is important to do what parents and doctors say to do, like washing hands; staying home!

Art Page - Consider using brown watercolor paint or use a brown watercolor marker, then use water and a Q-tip to "paint it". Could use a index finger in green paint to create leaves on the tree!

Fun Family Ideas - Use this as an opportunity to learn again to wash their hands properly. Check out the hand washing lesson page. Take a small toy person and count the "dips" into a bowl of water.
